Presenting Your Project

It is great learning about new things and a lot of fun when you can share what you have learned and done with other people. Use the format below to help you with the important parts of your team’s presentation.

1. INTRODUCE YOURSELF AND YOUR TEAM MEMBERS.

2. INTRODUCE THE NAME OF YOUR PROJECT.

3. SHOW YOUR PROJECT AND SHARE ALL THE THINGS YOU LEARNED WHILE DOING THIS PROJECT.

4. TEST YOUR PROJECT WITH THE TEACHER’S ASSISTANCE.

5. SHARE WHAT YOU LIKED BEST ABOUT DOING THIS PROJECT.

6. TELL ONE THING YOU MIGHT CHANGE IF YOU DID THIS PROJECT AGAIN.

7. THANK YOUR AUDIENCE FOR LISTENING TO YOUR PRESENTATION.
Self-Evaluation

1. How much did your group spend on your building project? _____
   Did you stay within your budget? _________

2. Did your bridge meet your expectations? Why or why not?

   __________________________________________

   __________________________________________

   __________________________________________

3. Describe one problem you had while constructing your bridge.

   __________________________________________

   __________________________________________

   __________________________________________

4. List two things you learned from working on this project.

   __________________________________________

   __________________________________________

   __________________________________________
